PORTLAND OREGON.

OREGON IS FIRST

Lumber Yield Greater Than in Minnesota.

TACOMA 3RD IN PRODUCTION

Output of Portland Mills Runs Into Hundreds of Millions of Feet—The Columbia River Mills Have a Large Cut for the Year.

Portland, Dec. 19.—Oregon will lead the world in lumber cutting when the figures for 1904 are made known declare those who have kept a record of the amount of timber handled in all centers. Minneapolis will rank second and Tacoma third. The output of Portland mills for the year now closing will be approximately 438,500,000 feet. Mills in the Columbia river district outside of Portland cut 150,000,000 feet. This will make the total for the section 588,500,000. This output has been distributed to almost every section of the world, and has formed the bulk of hundreds of cargoes leaving the port. Timber has been brought to the Portland mills from outside points in both Oregon and Washington, and in many instances the plants have been run night and day. Carefully prepared estimates of the output of the several Portland mills follow:

Oregon and Washington Lumber Co., lumber 1,500,000 feet; Peninsula Lumber Co., lumber 14,000,000, lath, 3,000,000; St. Johns Lumber Co., lumber, 12,000,000; Standard Box Factory, 18,000,000; East Side Mill Co., 13,000,000, lath, 500,000; Jones Lumber Co., 12,000,000; Inman, Poulsen Co., 121,000,000, lath, 30,000,000; George W. Cone Lumber Co., 15,000,000; Day Lumber Co., 5,000,000; Multnomah Trunk and Box Co., 7,000,000; remaining mills, 220,000,000. Totals, lumber, 438,500,000, lath 33,500,000.

FULTON HONORED.

Stands High With the Administration Officials.

From dispatches received from Washington, Senator Fulton is rapidly rising on the ladder of fame, and has more influence with the president and high officials than many older senators. This will be a grand thing for Oregon, as it places him in a position to secure more and larger appropriations for our rivers and harbors. It will make him an invaluable member of congress, winning for him the admiration of everyone in Oregon irrespective of party affiliations. In speaking of Senator Fulton, Chairman Cortelyou spoke in the highest terms of the manner in which the Oregon campaign had been handled, and was particularly loud in his praises of the conduct of the June campaign, which, he said, had such a good effect in the national campaign in the fall. He placed particular stress upon the splendid work of Senator Fulton, whose speeches stood out prominently as a striking feature of the campaign in Oregon and in other states where the Senator spoke.

Vice President-elect Fairbanks not only commended Mr. Baker, but was lavish in his praise of Senator Fulton, and most grateful for his assistance on the tour which extended through Oregon, California, Utah and Wyoming and was anxious to assure Mr. Baker that much of the success of that tour was due to Senator Fulton.

END NOT YET.

(Continued from Page 1.) and that Puter went into the good graces of the commissioner with the indorsement at the hands of the senator of being one of the best men in Oregon. This, the testimony went on to show, was by letter from a prominent Portland attorney. There are those who profess to believe that Senator Mitchell needed no introduction to Puter, and also that Hermann had known him for a long time. In defense of the senator, it is observed by his friends that it is not to be supposed that this necessarily implicates him with any fraud, for the reason that he was simply acting the part of an ambassador for one of his constituents.

It would not be at all surprising to many who have followed the long and persistent prosecution of land frauds if the government officials were to go after big game, even though that should be a United States senator and representative in congress. It was one of the strong points of Special Prosecutor Heney's address to the jury, at the recent trial, that the government is on the track of all who have been guilty of fraudulent tampering with the public domain, and that if it were possible through the prosecutions then under way to ascertain the identity of others, higher in station and wealthy, that they should certainly be prosecuted and that to the limit. There is also believed to be significance in his statement at the time the

pending cases were deferred, to the effect that he had important matters to lay before the grand jury. This, coupled with the sudden starting west of Senator Mitchell and Hermann, has done nothing, if it has not caused the public to become agog with expectancy, inasmuch as it is clearly stated in the dispatches that private advices have warned the solons that there is danger in the air and high time for them to be here and make a defense.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was. Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Eagle Drug Store, 351-353 Bond St., Owl Drug Store, 549 Com. St., T. F. Jaurin, Prop. "Special Agent."

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Chas. Rogers Druggist.

Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds Ulcers, etc. Lay in a supply of Buckden's Arnica Salve. It's the best on earth. 25c. at Chas. Rogers' drug store.
